

***Multifunctional Nanomaterials
2009 Research Experiences for Undergraduates
May 26 – July 31
West Virginia University***

Experience a unique combination of **multidisciplinary research, educational programs, and fun team-building activities**. Participants will be involved in ongoing research programs in the field of **nanotechnology** with an emphasis on advanced materials and biosensors.

STIPEND: \$4,200/summer + room & board

**Review of completed applications will begin on February 20, 2009.
Applicants will be admitted on a rolling basis until all spots are filled.**

Applicants should be rising Sophomore, Junior, or Senior undergraduate students majoring in science, engineering, or mathematics. ***Underrepresented minorities and women from West Virginia and the Appalachian region are especially encouraged to apply.***

Application forms, information on specific faculty research interests, and other information on the WVNano NSF-REU can be obtained at <http://wvnano.wvu.edu/REU>
